

## ORDERING STATICSURE

Below is a list of the SKUs that are built for the most common static bonding and grounding applications. **Other hand clamps and cable combinations are available, as are replacement units or cords. Please contact us.**

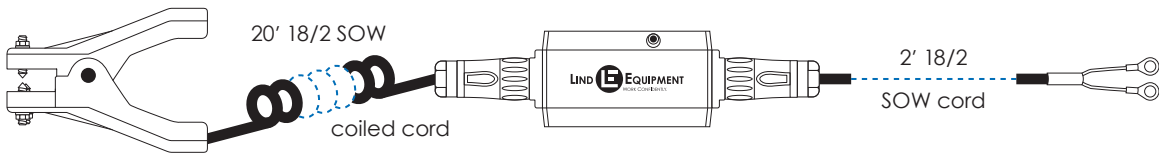

### LE600-20CG-2SL

- + 20' 18/2 SOW coiled cord with GAT-PIP clamp (see page 47)
- + LE600i portable static monitoring unit
- + 2' 18/2 SOW cord with lugs

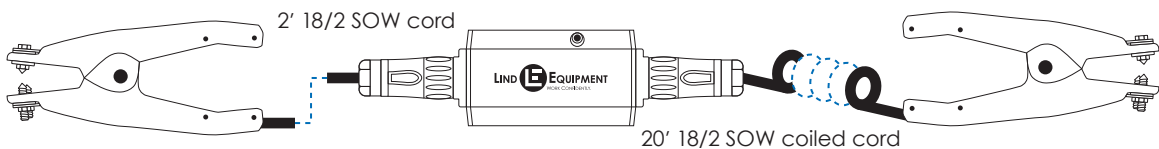

### LE600-20CR-2SL

- + 20' 18/2 SOW coiled cord with REB-IP clamp (see page 46)
- + LE600i portable static monitoring unit
- + 2' 18/2 SOW cord with lugs

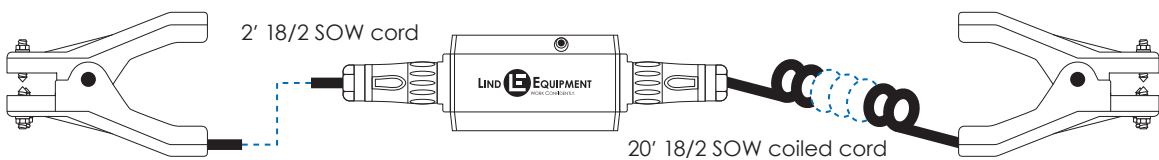

### LE600-20CG-2SG

- + 2' 18/2 SOW cord with GAT-PIP clamp (see page 47)
- + LE600i portable static monitoring unit
- + 20' 18/2 SOW coiled cord with GAT-PIP clamp (see page 47)

### LE600-20CR-2SR

- + 2' 18/2 SOW cord with REB-IP clamp (see page 46)
- + LE600i portable static monitoring unit
- + 20' 18/2 SOW coiled cord with REB-IP clamp (see page 46)

**NOTE:** StaticSure can also be mounted to a cord reel for truck and railcar loading/unloading areas. Contact us for details.
