

## 100W LED PORTABLE FLOODLIGHT

### WEATHERPROOF · DUAL-HEAD · TRIPOD

The **LE970LED-TD** model is a dual 50W LED flood light, mounted on a heavy-duty 4'-8' tripod. This unit features separately moving light heads that are controlled by individual switches to provide multiple light angles. The robust tripod features integrated cord storage and a level extension for uneven ground.

The **LE970LED-TD** is a very bright industrial weatherproof LED flood light designed for the toughest locations. The dual-head tripod design is the first of its kind with the ability to provide bright white light equivalent to two 500W quartz halogen lights but with 90% less energy usage and no problems with heat or replacing bulbs.

### LE970LED - TD

- Dual 50W LED
- 10,000 lumens (equivalent useable light to two 500W quartz halogen)
- 50,000 hours rated LED chip (over 5 years of 24/7 use)
