

LIND EQUIPMENT

WORK CONFIDENTLY.

HEAVY-DUTY 50W FLUOR. WORKLIGHT

RUGGED

COOL RUNNING

LONG-LASTING

Lind's line of heavy-duty worklights includes this powerful bright light: the LE5025. This light features our virtually indestructible technology that is featured across our entire heavy-duty line. A polycarbonate shield protects the bulb and ballast from hard drops and tough environments.

This light will take the abuse of a difficult job site while putting out more lumens than the competition. Easy-to-replace bulb and low maintenance costs make this the light of choice for our most demanding customers.

LE5025
